YOUR GLOBAL JEWELLERY CUSTOMIZATION EXPERT

## PRODUCT COLLECTION

# ABOUT US

Born from a passion for India's rich jewelry heritage, Additya Exports emerged as a bridge between the vibrant markets of Mumbai's Zaveri Bazaar and Delhi's Chandni Chowk and the global stage. We recognized that while India produces some of the world's finest jewelry, accessing this treasure trove remained challenging for international buyers.

What started as a vision to simplify jewelry sourcing has evolved into a comprehensive platform serving businesses across the US, UK, Europe, and beyond. Our curated collection of over 5,000 designs in 92.5% sterling silver and gold represents not just products, but stories of skilled artisans and centuries-old traditions.

Today, we stand proud as facilitators of dreams—enabling entrepreneurs to build their businesses, helping established retailers expand their offerings, and connecting jewelry lovers worldwide with authentic Indian craftsmanship that speaks to both tradition and contemporary style.
